REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary (taken from the Table of Disputed Services): The Carrier has not provided the proper payment exception code in this instance, which is in violation of the Texas Administrative Code. No explanation of missing documentation forwarded by [sic] within 14 days of receipt of medical bill by Carrier in compliance with TWCC Administrative Code.

Amount in Dispute: \$4,624.15

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "This dispute concerns reimbursement for outpatient surgery. Carrier's position is that the bill has been paid at a fair and reasonable rate, in accordance with TWCC Medical Fee Guidelines, Commission policy, and the Texas Labor Code. Carrier has determined that \$387.60 represents fair and reasonable reimbursement for this service. The provider must therefore prove that the reimbursement received is not fair and reasonable. The provider has not submitted documentation that the reimbursement received does not cover its costs and allow for a reasonable profit. Given these deemed fair and reasonable reimbursements under commission rules, the provider's assertion that it is entitled to \$5011.75 is not credible. Because the provider has failed to prove that the reimbursement received is not fair and reasonable, the provider is not entitled to further reimbursement."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.1, effective May 16, 2002, 27 *Texas Register* 4047, requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission."
3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. This request for medical fee dispute resolution was received by the Division on May 19, 2003. Pursuant to 28 Texas Administrative Code §133.307(g)(3), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on June 6, 2003 to send additional documentation relevant to the fee dispute as set forth in the rule.
5. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - N – Not Documented.

Findings

1. The Respondent denied the services using "N – Not documented." Review of the documentation submitted by the Requestor finds that the healthcare provider did not submit any medical records to support the services were rendered as billed. Therefore, the Respondents denial is support.
2. 28 Texas Administrative Code §133.307(g)(3)(D), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that:
 - The requestor did not provide documentation to demonstrate how it determined its usual and customary charges for the disputed services.
 - The Division has previously found that "hospital charges are not a valid indicator of a hospital's costs of providing services nor of what is being paid by other payors," as stated in the adoption preamble to the Division's former *Acute Care Inpatient Hospital Fee Guideline*, 22 *Texas Register* 6276. It further states that "Alternative methods of reimbursement were considered... and rejected because they use hospital charges as their basis and allow the hospitals to affect their reimbursement by inflating their charges..." 22 *Texas Register* 6268-6269. Therefore, the use of a hospital's "usual and customary" charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
 - The requestor did not submit a copy of the alleged contract for review.
 - In support of the requested reimbursement, the requestor submitted redacted explanations of benefits, and selected portions of EOBs, from various sample insurance carriers. However, the requestor did not discuss or explain how the sample EOBs support the requestor's position that additional payment is due. Review of the submitted documentation finds that the requestor did not establish that the sample EOBs are for services that are substantially similar to the services in dispute. The carriers' reimbursement methodologies are not described on the EOBs. Nor did the requestor explain or discuss the sample carriers' methodologies or how the payment amount was determined for each sample EOB. The requestor did not discuss whether such payment was typical for such services or for the services in dispute.
 - The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
 - The requestor did not support that the requested alternative reimbursement methodology would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
